G.O. NO. 2783, Ex

Dated 20th December 1946.

[Despatch Abstract.]

Excise - Cashew Arrack - (South Kanara) 1947 season - Manufacture and supply Board's proposals - Approved.

--

BOARD OF REVENUE (EXCISE) MADRAS.

Subject:- Cashew Arrack - 1947 season - manufacture and supply in bottles and in draught.

Read - Government Order Ms.No.1926 Rev. dated 25/10/46.

Station: Triplicane, Madras. C.R.29086 Abk/46,
Dated 28/11/46.

From

M.Abdul Kareem Sahib Bahadur, B.A.,
Assistant Secretary,
Board of Revenue (Excise), Madras.

To

A.F.W.Dixon, Esq., C.S.I., C.I.E., I.C.S.,
Member, Board of Revenue (Separate Revenue) &
Commissioner of Excise & Prohibition.

Reference:-

The Board invites the attention of the Government to the Government Order cited sanctioning the distillation during 1946 cashew season at Mangalore distillery of a quantity of 5,000 proof gallons of cashew arrack for supply to shops in South Kanara District and to the Government Local Fund and Municipal Medical Institutions in this Province. This year the cashew season proved to be a failure on account of the unexpected rains, and the distiller was not able to manufacture the sanctioned quantity of 5000 proof gallons. The quantity of cashew arrack manufactured in the year was 1343.5 proof gallons. The quality of arrack manufactured was good.

2)The Board considers that cashew arrack should be made available next year also if it is decided not to extend prohibition to this District and that a quantity of 5,000 proof gallons of cashew arrack should be distilled during the next season. It therefore requests that the Government may be pleased to order the manufacture of 5,000 proof gallons of cashew arrack during 1947 cashew season, including the quantity of 246.35 proof gallons (379 gallons of 35° u.p) required for issues to Government Local Fund and Municipal Medical Institutions in this Province and to permit the sale of this arrack in the shops of South Kanara district on draught as well as in sealed bottles in 1947-48.

3)The hydraulic Press belonging to Government at Mangalore distillery will, as in the current year, be placed at the disposal of the distiller. He will be required to keep the Press in good condition and to bear all expenses in connection with the distillation and supply of cashew arrack.

Assistant Secretary.

Excise - Cashew Arrack - 1947 season-Manufacture and supply in bottles and in draught.

From the Board of Revenue C.R.No.29086 Abk/46, dated 28th November 1946.

To A.S.

Please see the reference from the Board of Revenue in the C.F.

2. The Board's proposal is to manufacture 5000 proof gallons of Cashew arrack during 1947. This quantity includes a quantity of 246.35 proof gallons required for supply to the Government, Local Fund, and ~~Government~~ Municipal medical institutions. If it is proposed to introduce prohibition in the South Kanara district in 1947, it will not be necessary to manufacture the entire 5000 gallons, and the quantity to be manufactured may have to be restricted to that required for supply to medical institutions. The question as to the districts to which Prohibition will be extended in 1947 has been raised separately, and the connected file is now in circulation to H.M.(H.R.E.) and H.P.M. The Government's decision on this question may be awaited.
